Resource

How did students perform compared to expectations?

What data served as evidence of students' learning? What data are needed next time?

End-ofcycle Data Discussion Did your students meet the standard? Will you continue forward, or revisit this/these standards?

What strategies worked?
What professional supports
are needed to strengthen
and develop new strategies?

Were your students able to meet expectations in this time frame?

Were your expectations rigorous enough? How do you know?
